Our motivation for the Mentoring- and Assessmentdays

We like to offer an atmosphere where we can exchange our experiences as trainers and where we can grow and develop together. We want to live a vital relationship to CNVC as we are a part of this organisation. We like to empower our common network and to contribute to collaboration among us. This is the reason why we invite trainers in the process of certification from abroad. The days will be bilingual: English and German.

We have developed a new kind of assessment as a group event that is appropriate to our understanding of NVC. We are pioneers and the participants are invited to discover and develop with us the new land which is lying ahead of us. We want to have fun, joy and ease.

Please send your application to one of us till the 15th of Sept. so that we can plan. It will take place when we have 9 participants.

For candidates who want to make their assessment during these days we need all papers for certification until the 30 of Sept. to have time to organize a preassessment before the arrival. Thank you. If you have any questions please contact one of us.

We are looking forward to meeting you!
